

論文

- Single laboratory validation of a method for the determination of molybdenum content for nutrition labeling by ICP-AES. Teruki Matsumoto, Naoko Ichida, Jun Takebayashi, Michiko Katou, Yoshiko Ishimi. *Jpn. J. Food Chem.*, 23 (1), 49-54, (2016).
- 栄養成分表示値の信頼性確保 -栄養成分に係る試験機関の技能試験方法の構築に関する予備的検討-. 竹林純, 松本輝樹, 石見佳子, 栄養学雑誌, 73 (1), 8-15, (2015).
- Determination of molybdenum content for nutrition labeling by ICP-MS: single laboratory validation. Teruki Matsumoto, Jun Takebayashi, Naoko Ichida, Michiko Katou, Yoshiko Ishimi. *Jpn. J. Food Chem.*, 21 (1), 72-76, (2014).
- Evaluation of the Prevalence of Iodine Intakes above the Tolerable Upper Intake Level from Four 3-Day Dietary Records in a Japanese Population. Tsubota-Utsugi M, Imai E, Nakade M, Matsumoto T, Tsuboyama-Kasaoka N, Nishi N, Tsubono Y. *Journal of Nutritional Science and Vitaminology*, 59 (4), 310-316, (2013).
- Isolation and identification of lactic acid bacteria in traditional fermented sushi, Funazushi, from Japan. Harutoshi Tsuda, Kenzo Kubota, Teruki Matsumoto, Yoshiko Ishimi. *Food Sci. Technol. Res.* 18, 77-82, (2012).
- Evaluation of Cyanocobalamin in Multivitamin Tablets and their Standard Reference Material 3280 by HPLC with Visible Detection. Teruki Matsumoto, Jun Takebayashi, Yoshiko Ishimi, Chihiro Ozawa, Akira Sano, Takashi Hirota, Kaori Endoh. *J. AOAC Int*, **95**, 1609-1613, (2012).
- Evaluation of Characteristic Deuterium Distributions of Ephedrines and Methamphetamines by NMR Spectroscopy for Drug Profiling. Teruki Matsumoto, Yasuteru Urano, Yukiko Makino, Ruri Kikura-Hanajiri, Nobuo Kawahara, Yukihiro Goda, and Tetsuo Nagano, *Anal. Chem.*, **80**, 1176-81, (2008).
- Cyclolinopeptides F- I, cyclic peptides from linseed. Teruki Matsumoto, Akira Shishido, Hiroshi Morita, Hideji Itokawa, Koichi Takeya, *Phytochem.*, **57**, 251-260 (2001).

その他 20 編

著書

- 「食品衛生検査指針 理化学編 2015」共著 (編者: 松田りえ子, 共著者: 穂山浩, 松本輝樹ほか 57 名) 日本食品衛生協会, pp. 1-1376. pp.20-87, 97-99, 138-158, 181-191, 256-259. 「II. 試験法第 1 章 食品成分 (水分, タンパク質, 脂質, 炭水化物, ナイアシン, ビタミン B₆, ビタミン B₁₂, ビタミン K, モリブデン)」, 2015 年 2 月.
